6th Grade – Fall
Readiness Screening Packet

6th grade readiness is measured using end-of-year benchmarks selected from 5th Common Core content standards.

Table of Contents

Preparation for Readiness Screening

A. Teacher Account Preparation for Online Screening *(Video support is available.)*

1. **Verify** how your students will get to inqwizit.oaisd.org. (***Internet Explorer is not recommended.***)

2. **Sign in** using your teacher username and password.

   Username: _____   Password: _____

3. **Write** the name of the course to be screened in the empty box on page 6 of the script.

4. Click on the name of the course. *(Right side of screen, under* **MY INACTIVE COURSES***)*

5. Please **verify** the student roster for this course (if prompted).

   - If the roster is **correct**, select Looks Good

   - If the roster is **not correct**, select Something is wrong . Then, ask your building administrator to add the student(s) to the course.
6. **Subscribe** the course to Delta Math.

   - Click Subscribe for the available Delta Math screening cycle. *(Right side of screen, Under* **AVAILABLE PROGRAMS***)*

7. **Assign & View** a readiness screener to the course and make it **available** to students.

   a. Click Assign & View for a grade level readiness screener.

   b. Change the availability from Not Available to Available .

8. **Print** the course list that includes each student username and password.

   a. Click the STUDENTS tab. *(Top of screen)*

   b. Click on the name of the course. *(Right side of screen)*

   c. Click Print Page .

   Option: Create a Course PIN to help all students in the class to sign in using a common PIN.

   a. Click the DASHBOARD tab. *(Top of screen)*

   b. Click **Course PIN: Set PIN**

   c. Set the PIN for the class. *(This PIN will only be active for the date you choose.)*

   Note: To add additional screeners, click on the class name from the Dashboard and repeat step 6.
B. Access to the Student Dashboard

    a. Click on the student's name to return to the dashboard.

    b. Choose the correct screener.

    c. Click **Begin ▼** .

C. Sign Out and Resume a Student Screener

    a. Click **⊙ SIGN OUT** to end a screener that needs to be completed at a later time.

    Note: <u>Do not</u> click **✔ TURN IN** …screeners cannot be resumed after they have been turned in.

    b. The next time a student signs in, click **→ Resume** and **Begin ▼** .

    Note: Each screener will resume on the question the student was on when he/she signed out.

D. Script Notes

1. Say what is in bold text and do what is in italicized text.

2. Provide the recommended wait time for each problem.

3. Include an appropriate pause at the end of each statement.

4. Students will be directed to write and solve longer computational problems on blank work paper. (See question 4 on page 8 and Delta Math work paper on pages 15-18.)

E. Materials Checklist for Online Screening

Online Screening Script	Yes	☐
Timer to track recommended wait time	Yes	☐
Work Paper (Delta Math, blank or lined)	Yes	☐
Pencils	Yes	☐
Student Usernames and Passwords	Yes	☐

Script for Online Readiness Screening

(Total Time: 30 minutes)

Verify that all students are ready to screen:
- *Work paper*
- *Pencils*
- *Online at **https://inqwizit.oaisd.org***

Option: Skip steps 1-2 if students are already signed in.

1. **Click in each box to enter your username and password.**
   (Look for hands.)

2. **Click <u>SIGN IN</u>. Raise your hand if you need help with your username or password.**
   (Look for hands.)

Look in the upper right portion of your screen. If you see the word "Change" make sure you see our school district. If it is not our school district click on <u>CHANGE</u> and choose our school district.

On the right side of the screen click on the name of our course…
(Look for hands.)

Click <u>START</u> for the <u>Fall – Grade 6</u> screener, then stop and listen for directions.

Do not move ahead of the whole group. After I read each question, you will be given time to work on the paper I provided and then click on your answer.

Once you move to the next question, do not go back.

If you don't know an answer, please do not guess because I want to find out who needs extra help.

If you don't see your answer, please do not choose one. Make sure all answer choices are not shaded and click <u>NEXT</u>, when asked.

6

If you click <u>SIGN OUT</u> or <u>TURN IN</u> without being asked, click <u>CANCEL</u> to continue this readiness screener.

Take a deep breath, relax and try your best!

Click <u>BEGIN</u>.

Question 1…scissors

If you don't see scissors, please raise your hand.
(Look for hands.)

Evaluate the number expression.

Remember to use paper and pencil if necessary.
(Wait 45 seconds.)

Click <u>NEXT</u> to go to question 2.

Question 2…present

If you don't see a present, please raise your hand.
(Look for hands.)

Evaluate the number expression.
(Wait 45 seconds.)

Click NEXT to go to question 3.

Question 3…picnic basket

If you don't see a picnic basket, please raise your hand.
(Look for hands.)

Evaluate the number expression.
(Wait 45 seconds.)

Click NEXT.

Question 4…wallet
(Look for hands.)

On your paper, multiply 3,628 times 4. Then, type your answer in the empty box.
(Wait 1 minute.)

Click NEXT.

Question 5…price tag
(Look for hands.)

On your paper, multiply 57 times 26. Then, type your answer in the empty box.
(Wait 1 minute.)

Click NEXT.

Question 6…pencil
(Look for hands.)

On your paper, multiply 724 times 15. Then, type your answer in the empty box.
(Wait 1 minute and 15 seconds.)

Click NEXT.

Question 7…hand
(Look for hands.)

On your paper, divide 2,304 by 6. Then, type your answer in the empty box.
(Wait 1 minute and 15 seconds.)

Click NEXT.

Question 8…soccer ball
(Look for hands.)

On your paper, divide 7,551 by 3. Then, type your answer in the empty box.
(Wait 1 minute and 15 seconds.)

Click NEXT.

Question 9…stars
(Look for hands.)

On your paper, divide 2,492 by 14. Then, type your answer in the empty box.
(Wait 1 minute 30 seconds.)

Click NEXT.

Question 10…drum
(Look for hands.)

On your paper, add two and three-fourths plus one and three-fifths. Then, click your answer.
(Wait 1 minute.)

Click <u>NEXT</u>.

Question 11…house
(Look for hands.)

On your paper, subtract seven minus two and three-fifths. Then, click your answer.
(Wait 1 minute.)

Click <u>NEXT</u>.

Question 12…butterfly
(Look for hands.)

On your paper, subtract eight and two-fifths minus three and one-half. Then, click your answer.
(Wait 1 minute.)

Click <u>NEXT</u>.

Question 13…apple
(Look for hands.)

On your paper, multiply one-third times two-fifths. Then, click your answer.
(Wait 45 seconds.)

Click <u>NEXT</u>.

Question 14…key
(Look for hands.)

On your paper, multiply seven-eighths times three-fifths. Then, click your answer.
(Wait 45 seconds.)

Click <u>NEXT</u>.

Question 15…bag
(Look for hands.)

On your paper, multiply three-fourths times two-sevenths. Then, click your answer.
(Wait 45 seconds.)

Click <u>NEXT</u>.

Question 16…books
(Look for hands.)

On your paper, divide one-ninth by three. Then, click your answer.
(Wait 45 seconds.)

Click <u>NEXT</u>.

Question 17…fence
(Look for hands.)

On your paper, divide one-fourth by eight. Then, click your answer.
(Wait 45 seconds.)

Click <u>NEXT</u>.

Question 18…earth
(Look for hands.)

On your paper, divide one-tenth by two. Then, click your answer.
(Wait 45 seconds.)

Click NEXT.

Question 19…baseball
(Look for hands.)

On your paper, divide six by one-fourth. Then, click your answer.
(Wait 45 seconds.)

Click NEXT.

Question 20…crown
(Look for hands.)

On your paper, divide eight by one-half. Then, click your answer.
(Wait 45 seconds.)

Click NEXT.

Question 21…calculator
(Look for hands.)

On your paper, divide seven by one-fourth. Then, click your answer.
(Wait 45 seconds.)

Click TURN IN and then click TURN IN again to save your answers.

This math screener is now finished, thank you for trying your best!

Please click SIGN OUT to end this session.

(Collect all materials from each student.)

Script for Online Readiness Screening (Option 2)

(Total Time: 30 minutes)

Verify that all students are ready to screen:
- *Work paper*
- *Pencils*
- *Online at **https://inqwizit.oaisd.org***

Option: Skip steps 1-2 if students are already signed in.

1. **Click in each box to enter your username and password.**
   (Look for hands.)

2. **Click <u>SIGN IN</u>. Raise your hand if you need help with your username or password.**
   (Look for hands.)

Look in the upper right portion of your screen. If you see the word "Change" make sure you see our school district. If it is not our school district click on <u>CHANGE</u> and choose our school district.

On the right side of the screen click on the name of our course…

(Look for hands.)

Click <u>START</u> for the <u>Fall – Grade 6</u> screener, then stop and listen for directions.

You will have 50 minutes to work at your own pace and complete this readiness screener.

Please show your work on the Delta Math work paper for each longer computational question.

If you don't know an answer, please do not guess because I want to find out who needs extra help.

If you don't see your answer, please do not choose one. Make sure all answer choices are not shaded and click <u>NEXT</u>, when asked.

If you click <u>SIGN OUT</u> or <u>TURN IN</u> without being asked, click <u>CANCEL</u> to continue this readiness screener.

When you are finished, click <u>TURN IN</u> and then click <u>TURN IN</u> again to save your answers. Your screen should read, "Thank you for trying your best!"

Then, put your pencil down and wait for further instructions.
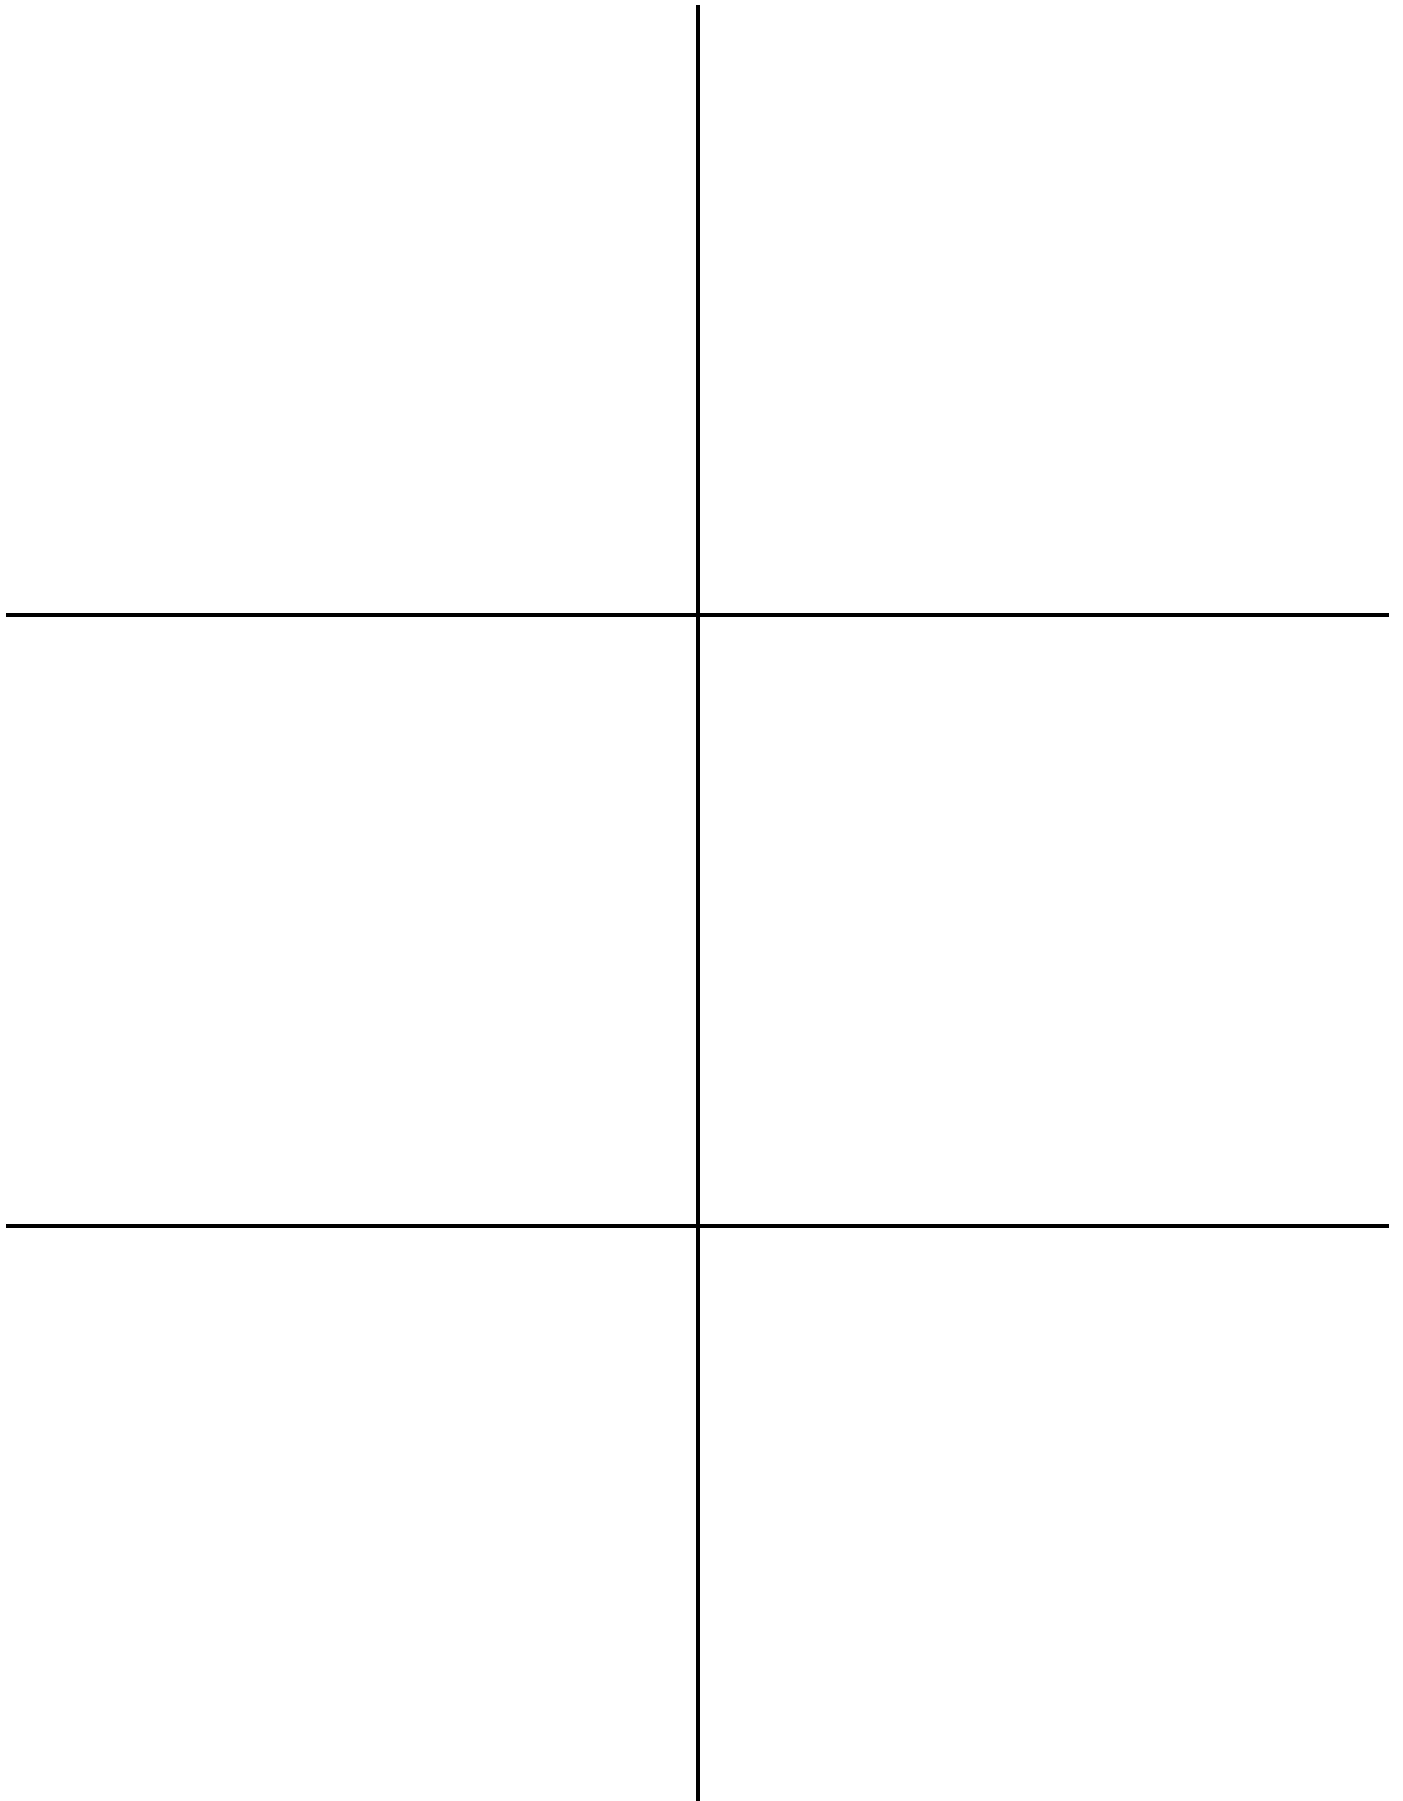

Take a deep breath, relax and try your best!

Click <u>BEGIN</u>.
