

Visual Guided Practice

Name: _____

Learning Target: I will subtract numbers within 20.

Form A

1. We Do Together

Draw 12 circles and cross out 9 from the first ten-frame

Take away to **subtract**

$$12 - 9 = \underline{\quad}$$

Think add to subtract by making 10 and some more

$$12 = 9 + \underline{\quad}$$

2. Reflect: What questions do you have about subtracting numbers within 20?

3. You Do Together

Draw 13 circles and cross out 8 from the first ten-frame

Take away to **subtract**

$$13 - 8 = \underline{\quad}$$

Think add to subtract by making 10 and some more

$$13 = 8 + \underline{\quad}$$

Draw 11 circles and cross out 7 from the first ten-frame

Take away to **subtract**

$$11 - 7 = \underline{\quad}$$

Think add to subtract by making 10 and some more

$$11 = 7 + \underline{\quad}$$

Visual Guided Practice

Name: _____

Learning Target: I will subtract numbers within 20.

Form B

1. We Do Together

Draw 12 circles and cross out 8 from the first ten-frame

Take away to **subtract**

$$12 - 8 = \underline{\quad}$$

Think add to subtract by making 10 and some more

$$12 = 8 + \underline{\quad}$$

2. Reflect: What questions do you have about subtracting numbers within 20?

3. You Do Together

Draw 13 circles and cross out 7 from the first ten-frame

Take away to **subtract**

$$13 - 7 = \underline{\quad}$$

Think add to subtract by making 10 and some more

$$13 = 7 + \underline{\quad}$$

Draw 14 circles and cross out 9 from the first ten-frame

Take away to **subtract**

$$14 - 9 = \underline{\quad}$$

Think add to subtract by making 10 and some more

$$14 = 9 + \underline{\quad}$$

Visual Guided Practice

Name: _____

Learning Target: I will subtract numbers within 20.

Form C

1. We Do Together

Draw 12 circles and cross out 7 from the first ten-frame

Take away to **subtract**

$$12 - 7 = \underline{\quad}$$

Think add to subtract by making 10 and some more

$$12 = 7 + \underline{\quad}$$

2. Reflect: What questions do you have about subtracting numbers within 20?

3. You Do Together

Draw 13 circles and cross out 9 from the first ten-frame

Take away to **subtract**

$$13 - 9 = \underline{\quad}$$

Think add to subtract by making 10 and some more

$$13 = 9 + \underline{\quad}$$

Draw 11 circles and cross out 8 from the first ten-frame

Take away to **subtract**

$$11 - 8 = \underline{\quad}$$

Think add to subtract by making 10 and some more

$$11 = 8 + \underline{\quad}$$
